Dear Mr. Uhler:

The California Energy Commission is in receipt of your Petition Requesting Rulemaking Hearings Implementing PUC 399.30(c)(4), submitted to the Docket on Saturday, April 13, 2019. The Public Adviser filed your petition with the Executive Director's Office on April 16, 2019. California Code of Regulations (CCR) Title 20, section 1221 and Government Code section 11340.6 provide that any interested person may petition the Commission to initiate a proceeding for the adoption, amendment or repeal of a regulation.

Pursuant to CCR, Title 20, section 1221(b), I have determined that your petition contains the information required by CCR, Title 20, section 1221(a)(1)-(4), and hereby certify that your petition is complete. Please note that my determination and certification does not constitute an approval of your request for the Commission to initiate a rulemaking hearing.

The Commission will consider whether to deny or grant your petition at the Commission's next regularly scheduled business meeting on Wednesday, May 15, 2019. The agenda for the business meeting will post at least 10 days prior to the business meeting, and will contain information for you to participate at the meeting. You may view the agenda and backup materials on our website at https://www.energy.ca.gov/business_meetings/.
